

AGENCY: Technology Ventures Corporation (TVC)

DESCRIPTION: TVC is incorporated as a nonprofit company in New Mexico to support start-up and expanding technology-based companies.

PROGRAM/LOAN STRUCTURE:

- Maximum Program Benefits: The operating concept of TVC is to:
 - Develop linkages between investment sources such as venture capital funds, and entrepreneurs or start-up and expanding companies,
 - Locate applicable technologies resident in the laboratories, universities and other sources,
 - Coordinate business and management support for entrepreneurial companies, and
 - Assist in the relocation or expansion of existing technology-based companies.
- TVC also recognizes the top 40 technology companies in the state with its Flying 40 program.
