MEMORANDUM OF UNDERSTANDING (MOU)
New Mexico Arts and Cultural District (ACD) Program
<Insert Local ACD Entity>

This Memorandum of understanding is entered into by and between the municipality of_______________________ and the Arts and Cultural District of_______________________, and the State of New Mexico’s Arts and Cultural District Program, effective as the date last entered below. The MOU is for the duration of 5 years and may be terminated in writing by any party with 30 days written notice.

I. PURPOSE AND SCOPE

The purpose of this MOU is to clearly identify the responsibilities and expectations of each party as they relate to the recertification of local, State Authorized Arts and Cultural Districts within New Mexico’s ACD Program. Recertification of individual State Authorized districts will be required on a 5-year basis by the New Mexico Arts Commission. Recertification is required to remain a member of the ACD program and eligible for tax incentives, infrastructure funds as appropriated by the New Mexico State Legislature, technical assistance and other benefits relating to the ACD program. The goal of the recertification process is to assess the feasibility of goals, establish performance measures by which the local ACD Steering Committee can gauge its progress of the planned district priorities and maintain a commitment to pursue further progress from all parties herein stated. The MOU will require your ACD Steering Committee to tailor your responses based on your previous work.
II. BACKGROUND

An arts and cultural district is a mixed-use, pedestrian-friendly area of a community in which a high concentration of cultural facilities, historic buildings, cultural entrepreneurs and/or cultural activities serve as the anchor of attraction and economic vitality.

No two arts and cultural districts are alike. Each district reflects the community’s unique environment, history, land use and cultural demographics. Arts and cultural districts can be found in all types of communities from small and rural, to large and urban. They increase tax revenues, profitability of surrounding businesses, and in some cases property values. Arts and cultural districts are a catalyst for community revitalization and serve as an incentive for new or relocating businesses.

The role that cultural districts play in providing a vibrant and appealing environment is a major factor in retaining young citizens and their families, attracting a well-educated and creative workforce, and positioning the community as a cultural tourist destination. The district often is comprised of historic properties and unique cultural elements important to defining the character of the district. Arts and cultural districts bring citizens out from their homes and into a vibrant social space to interact and bond with their families and neighbors; and the community’s young talent is showcased and recognized as part of the cultural landscape.

Community arts centers offer opportunities for young people and adults to experience lifelong learning through the arts, and the community’s ethnic and cultural diversity contributes to the vitality and global profile of the arts and cultural district. Music and theatre events, artists’ studios and galleries, street fairs and festivals, arts spaces and arts classes all contribute to a high standard of living for community residents and an appealing attraction for tourists.

The New Mexico Arts and Cultural District (ACD) Program was established by the New Mexico Legislature and Governor Richardson by state statute in 2007. The program is an inter-agency collaboration between the Economic Development Department, the Department of Cultural Affairs and the Tourism Department. It is directed toward place-based economic development focusing on the unique cultural and arts assets of each State Authorized district.

There are three facets in the strategy; the conservation, preservation and interpretation of artistic, cultural, and historic assets of place through its cultural institutions, agencies, organizations and expressive arts (the cultural
economy); the support of local artists, artisans, cultural entrepreneurs who make a place vibrant and vital (the creative economy), and the important amenities that visitors seek rounding out an experience of place (lodging, dining, and entertainment).

The New Mexico state statute established the New Mexico MainStreet Director as the Coordinator of the ACD Program and established the New Mexico Arts Commission, staffed by the Executive Director of the New Mexico Arts Division of the Department of Cultural Affairs, as the “authorizing” body for each proposed district.

A State Steering Council made up of representatives from the following agencies and organizations works with the ACD Coordinator to set policy and develop resources and technical assistance:

- New Mexico MainStreet Program, Economic Development Department
- New Mexico Arts, Department of Cultural Affairs
- New Mexico Tourism Department
- New Mexico Historic Preservation Division, Department of Cultural Affairs
- McCune Charitable Foundation
- Museum Foundation of New Mexico
- New Mexico Humanities Council

The state statute currently provides the following incentives to help investors and local municipalities conserve, grow and revitalize their ACD’s economy. The incentives will continue with the recertified ACD. Those losing or withdrawing from the State Authorized program will forfeit access.

- For Start Up ACD’s an inter-disciplinary Resource Team, funding for a district Cultural Plan and funding for a Master Plan.
- A doubling of state historic tax credits for eligible commercial properties within the ACD
- Access to municipal gross receipts taxes set aside for economic development projects through the state’s Local Economic Development Act (LEDA)
- An ACD infrastructure fund for capital outlay and grant funds for infrastructure
- Technical assistance and services from cooperating partners in the state ACD Steering Council
- Participation in the Cultural and Heritage Tourism Marketing Program
III. RECERTIFICATION RESPONSIBILITIES OF LOCAL ARTS AND CULTURAL DISTRICTS

The following reporting requirements are to be completed by the local Arts and Cultural District for the 5-year duration of this MOU. An annual progress report based on this MOU will be submitted in written form annually to the State ACD Coordinator for presentation to the New Mexico Arts Commission at their January meeting.

Each local ACD organization’s leadership needs guideposts to determine the successful impact of their local ACD collaborative efforts. To continue funding the State needs to be able to identify the quantitative and qualitative impacts on your district. To continue an incremental building process with the investments being made by state and local partners some performance metrics are important for the continuing success of each district.

The following section of the MOU is to assist the local ACD Steering Committee to select the goals it wishes to pursue during the duration of the recertification period. These will be the reporting goals to the State Council and to the New Mexico Arts Commission. There may be other work the local ACD commits to.
